BUCKS COUNTY ACCREDITATION

What is it?

- Endorsed by the Bucks County Chiefs of Police Association and the Montgomery County Chiefs of Police Association.
- Provides recognition and reward for officers excelling in law enforcement.
- Encourages professionalism through training.

What do I need to become Accredited?

- Officers need 50 Continuing Education Units (CEU's).
- Officers need to document their departmental accomplishments and responsibilities that would lead to the professionalism of the officer.
- Officers must be actively involved in their community through participation in volunteer organizations, youth groups, and other activities that are not specifically law enforcement related.

Application Process: To attain Accreditation through Bucks County, all applicants are required to complete and submit the application to the Bucks County Police Training Center for review. Electronic applications are preferred. This application will include, but may not be limited to, areas of education/training, departmental accomplishments and/or responsibilities, and community service commitments.

**For Accreditation Application and More Information: email
policetraining@buckscounty.org or call (215) 340-8410**

February 24 - Ethics and Integrity - 0800 - 1700 - No Fee Course #PA-627, Class #5649

Presented by Institute for LE Education

This course will define ethics and integrity, address how to create a culture of these principles in police organizations, provide students with tips on how to develop an ethical survival mindset, provide an understanding of officer discretion, examine how officers rationalize unethical behavior, and address pretextual traffic stops and how to perform them ethically.

This course is designed to cover each of the above topics while also providing several examples of how bad police / public interactions can lead to public mistrust. The goal of this course is to foster a positive attitude toward ethical behavior, as well as providing an understanding of how this mindset benefits both society and officers. Designed for both command staff to foster an internal assessment of organizational priorities as well as street officers who would benefit from a reminder of the reasons they sought this rewarding profession as a career, the course will enable officers to make sound, ethical decisions while enforcing the laws of their jurisdiction and the Commonwealth.

For registration form, click [HERE](#)

February 25 - 26 - Tactical Communications: Realistic De-escalation 0800 - 1700 - No Fee - Course #PA-625, Class #5650

Presented by Institute for LE Education

This course examines the perceptions that many outside law enforcement have about law enforcement de-escalation and compares that with the realities faced on the street. We take a long look at the tactical considerations involved with the de-escalation process while also examining the training needs required to be more successful in influencing behavior for people in conflict and in crisis. We look at verbal skills, non-verbal behaviors, and effective intervention techniques that are instrumental in defusing conflict situations. This will allow the individual professional to increase their chances of ending the encounter on a positive note, thereby minimizing the danger posed by individuals being fueled by contaminated thinking.

Specific topics covered include effective methods of communication, barriers to communication, non-verbal communication, de-escalation techniques and tactical considerations. The course is designed to cover each of the topics mentioned while also delving into other areas such as proxemics and kinesics and how each is involved in defusing escalating situations. In addition, we discuss the threat-assessment process as well as post-event professional articulation. These tactical communications and de-escalation techniques are being presented to enable departments and individuals to learn skills designed to prevent potential conflicts from spiraling out of control, stressing that a positive outcome is the desired goal of each citizen interaction.

February 27 - Scenario Based Realistic De-escalation - 0800 - 1200 - No Fee - Course #PA-629, Class #5651

Presented by Institute for LE Education

This immersive, scenario-based de-escalation training is designed to equip law enforcement officers with practical skills to defuse tense situations effectively and safely. In this course, participants will engage in a series of realistic, role-play scenarios that challenge them to apply de-escalation techniques and strategies learned in the preceding lecture. Each scenario will present complex, dynamic situations that require officers to assess context, recognize behavioral cues, make rapid decisions, and choose the most appropriate response to de-escalate potential conflict.

Learning Objectives:

- Apply de-escalation techniques learned in the lecture to live scenarios.
- Assess diverse situations to determine the best course of action.
- Enhance communication skills to reduce tension and build rapport.
- Improve decision-making under pressure through scenario-based practice.

For registration form, click [HERE](#)

March 2 - Cognitive Interviews: Eyewitnesses & Victims

0800 - 1700 - Fee: \$232.60

Presented by Training Force USA

This course introduces Cognitive Interviewing (CI), a proven, research-based interviewing method that helps officers obtain more accurate, detailed, and reliable information from witnesses and victims. These techniques are a game-changer for investigators, improving case outcomes while maintaining professionalism and ethical standards.

Participants will learn how cognitive strategies enhance memory recall, reduce contamination of statements, and strengthen investigative leads.

Course Objectives:

- Define Cognitive Interviewing (CI) and explain its purpose.
- Understand how law enforcement benefits from CI techniques.
- Identify the strengths, limitations, and practical applications of CI.
- Recognize when CI is most effective across age groups and memory conditions.

Participants will explore:

- What CI is and how it works.
- How CI is similar to and different from traditional interview techniques.
- Appropriate locations and environments for conducting CI interviews.
- The importance of initial contact, rapport building, and interview setup.

March 3 - Practical Fraud Investigations - 0800 - 1700

Fee: \$232.60

Presented by Training Force USA

The purpose of this class is to assist participants to expose, investigate and prosecute fraudsters through proper organization techniques, triage of case load and arming investigators with tools of the trade. This unique instruction to fraud investigations will result in a higher number of cases closed by arrest with successful prosecutions.

Class Objectives:

- This interactive 8-hour class will help participants in organizing and investigating all types of fraud investigations from simple frauds to more complex frauds.
- Defining common words used in financial crimes.
- Students will review and learn new tools for investigating and prosecuting frauds.
- This class will go over different statutes and laws related to fraud.
- This class will discuss interview techniques for locking fraudsters into a statement.
- Students will go over all fraud including unique ones.
- Using Excel during the investigation and prosecution.
- Discussion on frauds that have the appearance of civil cases but are actually criminal cases.
- There will be a class discussion on how to identify fraudsters in videos and surveillance photographs.
- And more!

March 10 - 12 - Standard Field Sobriety Testing Instructor

0830 - 1630 - No Fee

Presented by PA DUI Association

This course utilizes curriculum developed by NHTSA and the IACP to train officers to teach Standardized Field Sobriety Testing. All students must be SFST trained, and they must be proficient in knowledge, administration and interpretation of the Standardized Field Sobriety Tests.

The course is designed to enable officers to effectively teach the NHTSA / IACP certified SFST Basic Practitioner class. Topics covered include a definition of learning, the three (3) established domains of learning, different methods of teaching and their effectiveness, identification and utilization of various teaching aids, team teaching, the basics of running an alcohol workshop and more. Officers successfully completing the curriculum will receive a certificate.

Please note: It is highly recommended students completing this course should assist in teaching several SFST Basic Practitioner courses and act as a dosing instructor in a wet lab before becoming a lead instructor and acting as administrator of the basic course.

This course is also a prerequisite for Drug Recognition Expert (DRE).

Click [HERE](#) to register, deadline is 02/23/26.

March 16 - On-Scene Homicide by Vehicle Collision Investigation Refresher - 0800 - 1700 - No Fee Course #CL-325, Class #5685

Presented by Institute for LE Education

This course is designed with the intent of providing review and practice to law enforcement personnel who have attended the On-Scene and Homicide by Vehicle Collision Investigation.

Prerequisite: CL-302 On-Scene and Homicide by Vehicle Collision Investigation

This is a multiple day course. Officers may complete one to three days, depending up on prior training. Attendance at individual day course topics is permissible with advanced notice/registration.

For registration form, click [HERE](#)

March 16 - 17 - Agency Spokesperson Seminar - 0830 - 1600 Fee: \$295 - see site for discount rate!

Presented by Institute for Benchmark Pro Seminars

An introductory two-day seminar for the designated public information officer, chief, assistant chief, or other agency individual who serves as a spokesperson for their department with the media during an event involving broad community interest or concern. The seminar is primarily designed for individuals with limited formal media training, providing fundamental information to help them develop their skills as departmental liaisons with the media.

Topics presented include:

- Role/goal of a public information officer.
- Legal aspects and repercussions of disseminating information.
- Writing news releases that have impact and get noticed.
- Handling tricky questions.
- Never having to say "no comment".
- State Public Records Law.
- Building a solid relationship with local reporters.
- Using the media to your advantage.
- Being "on call" - a necessary part of the job!
- Handling the intense media spotlight when a tragedy or major case occurs.

For registration form, click [HERE](#)

Click the link provided for more information and registration

March 17 - Technical & Advanced Analysis Collision-Investigation Refresher - 0800 - 1700 - No Fee - Course #CL-326, Class #5686
Presented by Institute for LE Education

This course is designed with the intent of providing review and practice to law enforcement personnel who have attended the Technical and Advanced Analysis Collision Investigation.

Prerequisites:

- CL-302 On-Scene and Homicide by Vehicle Collision Investigation
- CL-303 Advanced and Technical Analysis Collision Investigation

This is a multiple day course. Officers may complete one to three days, depending up on prior training. Attendance at individual day course topics is permissible with advanced notice/registration.

For registration form, click [HERE](#)

March 18 - Traffic Collision Reconstruction Refresher
0800 - 1700 - No Fee - Course #CL-327, Class #5687
Presented by Institute for LE Education

This course is designed with the intent of providing review and practice to law enforcement personnel who have attended the Traffic Collision Reconstruction.

Prerequisites:

- CL-302 On-Scene and Homicide by Vehicle Collision Investigation
- CL-303 Advanced and Technical Analysis Collision Investigation
- CL-305 Traffic Collision Reconstruction

This is a multiple day course. Officers may complete one to three days, depending up on prior training. Attendance at individual day course topics is permissible with advanced notice/registration.

March 19 - Medical Marijuana Workshop - Updated 2025

0830 - 1630 - No Fee

Presented by PA DUI Association

This workshop will address the challenges presented to law enforcement with the advent of the new law. Topics covered include a brief history of marijuana, society's changing attitudes towards marijuana, the plant itself, various forms and ingestion methods, paraphernalia, the current Federal and Pennsylvania laws, conflicts between the Federal and State statutes, signs and symptoms of impairment and recommended procedures for traffic stops.

The course was initially designed for law enforcement officers; however, it is applicable and beneficial to other members of the criminal justice system including District Attorneys, Assistant District Attorneys, Probation & Parole officers, County DUI Coordinators, and other professional highway safety partners.

Click [HERE](#) to register, deadline is 05/04/26.

March 24 - 26 - Standard Field Sobriety Testing Practitioner

0800 - 1700 - No Fee - Course #AL-230, Class #5652

Presented by Institute for LE Education

This course is designed to provide instructional and practical experience to the law enforcement officer by demonstrating techniques that can be utilized in the field for the detection of a person who is under the influence of alcohol or other drugs. Class participants are trained in the techniques of conducting the standardized test battery. Applicants for this course must be sworn law enforcement officers.

The course curriculum includes the following:

- DUI Detection - Vehicle in Motion
- Personal Contact with DUI Operator
- Techniques and Applications of Horizontal Gaze Nystagmus Test (HGN)
- Techniques and Applications of Vertical Gaze Nystagmus Test (VGN)
- Techniques and Applications of Walk and Turn Test
- Techniques and Applications of One Leg Stand Test
- Processing and Report Writing

For registration form, click [HERE](#)

Click the link provided for more information and registration

**March 27 - Standard Field Sobriety Testing Refresher
0800 - 1200 - No Fee - Course #AL-231, Class #5653
*Presented by Institute for LE Education***

The course is designed to provide approved Standardized Field Sobriety Testing (SFST) Practitioners with current knowledge as it relates to the legal aspects of SFST, performance and procedures. This course will enhance the ability of the practitioner to apply and testify about Vertical Gaze Nystagmus, Horizontal Gaze Nystagmus, Walk and Turn and One Leg Stand tests.

Applicants for this course must be approved Standardized Field Sobriety Testing Practitioners.

The course curriculum includes the following:

- Review of Vehicle in Motion Phase
- Review of Personal Contact Phase
- Review and Update of Psychophysical Testing Phase
- Updates of Case Law and Testifying Requirements of Practitioners
- Current Use of SFST Results for DUI-Drug Enforcement

For registration form, click [HERE](#)

**March 27 - DUI Case Law - 1230 - 1630 - No Fee
Course #AL-263, Class #5654
*Presented by Institute for LE Education***

Case law in the Commonwealth of Pennsylvania, as well as that written by Federal courts affects everyone, especially the daily operations of law enforcement agencies. Case law becomes a benchmark upon which all later courtroom decisions are based and is constantly changing.

This course is designed to present, interpret, and discuss current constitutional, and PA statutory issues related to traffic and the enforcement of impaired driving involving both drugs and/or alcohol.

This course is continuously updated.

March 30 - April 1 - Cellular Technology, Records & Analysis 0800 - 1600 - Fee: \$750

Presented by A.B.M. Intel

This 3-day intermediate level course was designed to provide the attendee with a basic understanding of how cellular telephones operate, the records they generate, how to obtain them, and how to leverage them in an investigation. The course mixes lecture content with practical exercises to provide the student with plenty of hands-on time analyzing records using CellHawk.

Course Topics:

- Cellular technology and evolution
- Target development and resources
- Legal process and considerations
- Provider records
- Mapping
- Records Analysis
- Specialized location data (RTT, TA, LocDBor)

Required Materials:

- Laptop w/WIFI capability (no VPN)
- Microsoft Excel
- External mouse (highly recommended)

Prerequisites: CellHawk Basic (CB) recommended but not required. Qualified attendees can take CTRA as an entry-level course.

The course meets the requirements to take the CellHawk Certified User examination.

For more information & registration, click [HERE](#)

April 7 - High Risk Vehicle Stops - 0800 - 1700 hrs. - No Fee Course #PA-606, Class #5655

Presented by Institute for LE Education

This class presents various procedures that enable the patrol officer to recognize high risk vehicle stop situations and safely execute those stops in which the occupants pose an increased risk to public and officer safety.

The course curriculum includes the following:

- Mental preparedness
- Recognition of trouble indicators
- Pre-stop procedures
- Use of force issues
- Various stop tactics

For registration form, click [HERE](#)

Click the link provided for more information and registration

April 8 - Report Writing & Case Preparation - 0800 - 1700 hrs. No Fee - Course #PA-624, Class #5656

Presented by Institute for LE Education

This course provides law enforcement professionals with the necessary tools for composing a proper police narrative as it pertains to the DUI arrest. We will examine the case preparation process and look at specific aspects of presenting a DUI case at trial. Successful prosecution of these cases hinges not only on proper note taking and report preparation but also on preparedness and proper presentation at trial.

Topics covered will include:

- Vital elements of a professional police report
- Proper grammar and punctuation
- Common report writing mistakes.

Although this course is geared toward successful DUI prosecution, the instruction provided is applicable across a wide range of investigatory narratives. Both new and seasoned officers will benefit from the course as it provides a primer for new members of law enforcement and a refresher for seasoned officers who would benefit from additional instruction in this area.

This course will be an interactive course. It is designed for students to actively participate through discussion, verbal exercises, written exercises, and the preparation of a DUI report.

For registration form, click [HERE](#)

April 8 - Standard Field Sobriety Testing Refresher 1400 - 2200 hrs. - No Fee

Presented by PA DUI Association

This course is intended for newer, less experienced officers who completed Basic Standardized Field Sobriety Testing (SFST-B) course with the "dry" workshops, or experienced officers who previously attended SFST-B but have been away from the patrol function in law enforcement for an extended period.

The curriculum for this course is through the National Highway Safety Administration and IACP. This course refreshes officers in the three (3) phases of DUI detection, proper administration, and interpretation of the Standardized Field Sobriety Tests, covers recent and pertinent case law and provides updates and any changes to the curriculum for the Basic Standardized Field Sobriety Tests.

This course also includes a live alcohol workshop where students administer the three standardized field sobriety tests on impaired subjects who have been dosed with alcohol.

Click [HERE](#) to register, deadline is 03/24/26.

April 9 - Crime Scene Documentation - 0900 - 1600

Fee: \$232.60

Presented by Training Force USA

Participants will receive detailed instruction on the proper equipment, techniques, and procedures used when photographing and sketching a crime scene. Emphasis is placed on the correct use of cameras, evidence markers, and measurement scales to ensure accuracy and consistency when documenting evidence.

The course will cover systematic approaches to crime scene photography, including the importance of capturing images in a logical sequence—overall, mid-range, and close-up views—to clearly show the relationship between the scene, evidence, and surroundings. Instruction will also address proper lighting, composition, and camera positioning to ensure photographs accurately represent what was observed at the scene.

In addition to photography, participants will learn the fundamentals of crime scene sketching, including scene layout, measurements, and diagram accuracy. These skills are essential when photographs alone cannot fully capture spatial relationships or scene dimensions.

For more information & registration, [click HERE](#)

April 10 - Property and Evidence Management - 0900 - 1700

Fee: \$232.60

Presented by Training Force USA

This full-day, hands-on training provides participants with practical strategies, proven policies, and actionable tools to improve evidence handling, from submission to storage, audits, and purging. Whether you manage evidence or are involved in accreditation, this course will strengthen your agency's operations and compliance.

By the end of this course, participants will be able to:

- Develop an evidence submission manual tailored for their agency
- Conduct audits and inventories with confidence
- Maintain Chain of Custody documentation effectively
- Optimize security and storage of evidence facilities
- Prioritize and manage high-liability items and purging efforts
- Handle hazards such as fentanyl, firearms, and DNA safely and in compliance with state law
- And more!

April 13 - LE Indoor Low Light/No Light Firearms Training 0830 - 1630 - Fee: \$232.60

Law enforcement officers frequently encounter situations in low light or complete darkness, especially during indoor operations. Effective training in these environments is crucial for safety, tactical proficiency, and successful outcomes.

This training class is designed to equip officers with the skills and knowledge necessary to operate confidently and safely in low light and no light scenarios regardless of indoor or outdoor encounters.

Course Objectives:

- Understand the challenges of low light and no light environments.
- Learn and apply tactical movement and communication techniques in reduced visibility.
- Develop proficiency in the use of handheld or weapon-mounted lights.
- Practice target identification and engagement under various lighting conditions.
- Enhance decision-making and threat assessment in limited visibility.
- Emphasize officer safety and proficient weapon handling in reduced light.

Required Equipment:

- Duty pistol and patrol rifle with 300 rounds of ammunition for each system
- Handheld flashlight
- Weapon-mounted light
- Protective gear (eye and ear protection, body armor is optional)
- Night vision devices (optional, if available)

For more information & registration, [click HERE](#)

April 13 - 24 - On-Scene Vehicle Collision Investigation 0800 - 1700 hrs. - No Fee - Course #CL-302, Class #5657 *Presented by Institute for LE Education*

The first of the three levels of collision investigation training courses. The training is designed to provide the participants with the awareness and skills necessary to conduct a traffic collision investigation at the scene.

The course curriculum includes the following:

- Classification of Traffic Collision
- Series of Collision Events
- Physical Evidence from the Traffic way
- Collision Photography
- Measuring and Diagramming Collision Scenes
- Scale Diagrams
- Interviewing Drivers and Witnesses
- Minimum Speed Determination from Skid Marks
- Use of Traffic Template
- Analysis Information and Case Preparation
- Principles of Mathematics Used in Collision Investigation

For registration form, click [HERE](#)

April 15 - Field Search Software Certification - 0900 - 1600 hrs.

Fee: \$495

Presented by E-Kit Training & Supply

Students will learn how to search a suspect's computer using the latest proven technology and receive a licensed copy of Field Search (V5.2) software. We provide the instruction, certification, mobile computer lab, complete with case studies to aid with the hands-on learning experience.

Recently Updated Information/Tools:

- Software & techniques for hashing exploitation images, agency submission process/information for PHOTO -DNA & Project Vic.
- Video cropping tool for video parsing/convert to pdf file still frames.
- Metadata review tool.

Students are advised to bring a laptop to class! This course is offered on two separate days to accommodate class size.

April 20 - 21 - Overdose Death Investigations

Day 1: 0800 - 1700 hrs. - Day 2: 0800 - 1200 hrs. - Fee: \$445

Presented by Law Enforcement Seminars LLC

Overdose deaths have risen to epidemic proportions across the United States, surpassing car accidents in 2018 and continuing today. Many law enforcement agencies have been caught off-guard in their response, or lack thereof, to the crisis. Developing and implementing a law enforcement investigative and prosecutorial response to the overdose epidemic not only builds trust within the community, but it also holds those involved with drug trafficking accountable. More importantly, it saves lives. This course offers a thorough foundation for a departmental response to overdoses from the crime scene to the court room.

This course is designed for narcotics investigators, homicide investigators, patrol officers, supervisors, task force directors and crime scene investigators.

For more information & registration, [click HERE](#)

April 27 - 28 - Dealing with Toxic Employees - 0830 - 1600

Fee: \$295 - see site for discount rate!

Presented by Institute for Benchmark Pro Seminars

A two-day seminar for Supervisory Personnel who are or may have to deal with "Toxic Employee(s)" or personnel who are affecting performance in the workplace. This course is ideal for those who have taken the previously offered "Moving up to Supervision" seminar. It goes beyond that program's content to explore in-depth vital aspects and topics concerned explicitly with addressing and confronting personnel who are disruptive in the workplace.

Topics include:

- The ultimate goals regarding problem employees
- The signs of a truly toxic employee
- Intervention techniques to be used regarding problem employees
- Resources available for supervisors
- Counseling (directive vs. nondirective)
- Necessary and appropriate documentation

For more information & registration, [click HERE](#)

April 27 - 30 - Police Cyclist Course - 0900 - 1700 hrs.

Fee: \$400

Presented by Intl. Police Mtn. Bike Assn.

This 40-hour International Police Mountain Bike Association (IPMBA) Course is designed for law enforcement personnel who patrol on a bicycle in a wide array of areas and want to better engage with the community. The class produces confident, competent, and effective personnel who operate bicycles in a safe manner. Learn how to ride like a pro, avoid crashes, safely and effectively patrol all corners of your community and a few advanced skills.

The course will also include scenarios, basic maintenance, off-road riding, bike handling drills, braking techniques, and more.

For registration information, click [HERE](#)

April 27 - 29 - Interview & Interrogation - 0800 - 1700 hrs.

No Fee - Course #CR-557, Class #5658

Presented by Institute for LE Education

This three-day course of instruction is designed to facilitate both patrol officers and criminal investigators while dealing with deceptive subjects. It provides the student with the tools necessary to conduct suspect interviews, identify the deceptive subject and obtain confessions. We will discuss the phases of the formal interview and expose each participant to the potential utility of different questioning techniques used to obtain more detailed information in compliant subjects. An important goal of this instruction is to raise the confidence level of the officer by using a systematic approach to finding the truth so that they can confront the dishonest subject and ultimately gain the truth.

This course utilizes video from real life interviews so that the student has the opportunity to see the successful employment of the techniques that are taught. Extensive instruction and discussion of video examples that detail what deception looks and sounds like will provide the student with valuable insight into detecting deception.

We will discuss the steps to interrogation which include developing themes and tailoring a monologue, positively confronting the deceptive subject, handling any denials, redirecting their resistance to telling the truth and gaining the guilty person's trust through empathy and rapport building.

May 4 - 8 - Instructor Development - 0800 - 1700 hrs. - Fee: \$300

Presented by Temple University Police Academy

This 40-hour course is intended to provide participants with the knowledge and skills to be a law enforcement instructor. This course also meets the requirements for MPOETC Instructor Training.

At the conclusion of this course, the student instructor will be able to:

- Identify the learning types & psychology of learning
- Classify the benefits & limitations of various audio visuals/training aids
- Identify the most common types of teaching methods
- Identify the most common types of questioning techniques
- Identify the principles of room management & design
- Utilize the elements of lesson plans
- Properly utilize the principles of test construction
- Recount the importance of instructor & student motivation
- Demonstrate proficiency through student instructor presentations

Seats are limited—register today! To register, email policetraining@buckscounty.org

May 4 - 8 - Fundamentals of Supervision & Leadership

0830 - 1630 hrs. - No Fee

Presented by Montgomery County Police Chiefs

This course will focus on developing and refining leadership and communication skills, along with conflict management, legal responsibilities, and situational decision making. The course will also provide training in understanding the supervisor's role as it relates to the overall goals of the agency.

Topics will include:

- Leadership - The Art of People
- Types of Leadership
- Influencing and Motivating People
- Responsibility and Resiliency
- Communicating and Counseling
- Police and the Media
- Ethics and the Complaint Process
- Managing a Critical Incident
- Liability Issues

May 11 - Conflict Resolution, Diversity, and Emotional Intelligence Seminar - 0830 - 1600 hrs. - Fee: \$195 - see site for discount rate!

Presented by Institute for Benchmark Pro Seminars

This one-day seminar is designed specifically for officers and individuals who work in highly stressful environments or potentially volatile situations. Instructor presentations, practical exercises, and scenario presentations will help students understand their abilities and skills in a variety of conditions.

Topics include:

- The concept of emotional intelligence
- Basic verbal techniques as a method to de-escalate confrontations
- Enhancing the probability of an officer's emotional survival
- Intervention techniques
- Resources that supervisors have when confronted with a problem employee
- The Six Pillars of Character
- Forces that create workplace tension
- The basic causes of conflict

May 20 - 21 - Advanced Roadside Impaired Driving Enforcement (ARIDE) - 0830 - 1630 hrs. - No Fee

Presented by PA DUI Association

The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) programs.

The class begins with a SFST review to ensure students are proficient and error free in their administration of SFSTs as they are the cornerstone of all impaired driving enforcement. Students must be able to demonstrate proficiency with the administration of SFSTs to continue with the remainder of the training. The remaining instruction introduces the seven (7) established drug categories, signs and symptoms associated with each category, methods of ingestion, paraphernalia, additional roadside tests including the Modified Romberg Balance and Lack of Convergence tests, current drug trends and an overview of the Drug Evaluation and Classification Program (DECP).

It is not designed to replace the DRE program; rather, it is intended to supplement the DECP by enabling officers to recognize impairment resulting from controlled substances and to utilize a DRE.

ARIDE is a prerequisite course for Drug Recognition Expert (DRE).

May 26 - Protecting the Guardian Workshop - 0800 - 1700 No Fee

Presented by Mark DiBona

The goal of this one-day seminar is to educate and train officers and their families on the prevention of stress, trauma, suicide, and the impact of the job; to emphasize the three pillars of pride: self, job, and family.

Our experts present on personal responsibility, mental and physical wellness, retirement and beyond, peer support, history of law enforcement, the aging process and law enforcement, and the changing environment.

Training topics will include, but not limited to: PTSD, burnout and vicarious traumatization, retirement and beyond, survivor guilt and coping mechanisms, family support and involvement workshops.

To register, email policetraining@buckscounty.org

Click the link provided for more information and registration

May 27 - 29 - CSI & Forensic Investigation plus Photography 0830 - 1630 hrs. - Fee: \$495

Presented by Sirchie

This 3-day course covers state-of-the-art methods of identifying, recording, processing & preserving various types of evidence found at the scene of the crime. The program is geared for hands-on use of equipment, materials & supplies necessary for a thorough & comprehensive evidence collection mission.

Curriculum will include:

- Basic to Advanced Photography including Low Light Photography
- Biofoam & Casting
- "SirchSil" & Gelatin Lifters
- Traditional, Magnetic, & Fluorescent Fingerprint Powder Processing Techniques
- Chemical Processing Techniques
- Wet Surface & Latent Print from Tape Processing
- Presumptive Blood Testing And more!

For more information & registration, [click HERE](#)

June 1 - 12- Technical & Advanced Analysis Collision Investigation 0800 - 1700 hrs. - No Fee - Course #PA-303, Class #5659

Presented by Institute for LE Education

The second of the three levels of core traffic collision investigation courses.

This course is designed for the experienced police officer, supervisor or traffic homicide investigators who has collision investigation training and is proficient in collision investigation and evidence gathering, measuring, scaling diagramming and obtaining minimum speed from skid marks.

Applicants for this course must have successfully completed the On-Scene/Homicide by Vehicle Collision Investigation Training Course or equivalent training from a recognized training institution.

The course curriculum includes the following:

- Speed/Velocity Equations
- Time and Distance Evaluation Methodology
- Pedestrian Studies
- Vehicle Acceleration Studies
- Diagramming
- Basic Motorcycle Collision Investigation
- Basic Commercial Vehicle Collision Investigation
- Field Projects
- Lamp Examination
- Tire Examination
- Vehicle Dynamics
- Human Factors

For registration form, click [HERE](#)

Click the link provided for more information and registration

June 11 - Medical Marijuana - Updated 2025 - 0830 - 1630 hrs. No Fee

Presented by PA DUI Association

This workshop will address the challenges presented to law enforcement with the advent of the new law. Topics covered include a brief history of marijuana, society's changing attitudes towards marijuana, the plant itself, various forms and ingestion methods, paraphernalia, the current Federal and Pennsylvania laws, conflicts between the Federal and State statutes, signs and symptoms of impairment and recommended procedures for traffic stops.

The course was initially designed for law enforcement officers; however, it is applicable and beneficial to other members of the criminal justice system including District Attorneys, Assistant District Attorneys, Probation & Parole officers, County DUI Coordinators, and other professional highway safety partners.

Click [HERE](#) to register, deadline is 05/27/26.

June 17 - Firearms Instructor Updates - 0800 - 1600 hrs. Fee: \$25

This course is designed for existing Firearms Instructors and is an interactive program which will include range time. Each instructor is required to present a course of fire of at least 25 rounds.

The Bucks County District Attorney's Office will present:

- Officer Involved Shooting Protocol
- National Integrated Ballistic Information Network Initiative (NIBIN)
- Gun Violence Reduction Efforts

Topics Covered:

- Use of Force
- Safety
- Use of the Range
- Instructor Development

Required Equipment:

- Duty belt with duty weapon
- 3 magazines
- 200 rounds of handgun ammo
- Eye & ear protection
- Head gear & ballistic vest

Training Center Classroom: 0800 - 1200 hrs., Bedminster Range: 1300 - 1600 hrs.

To register, email policetraining@buckscounty.org

Click the link provided for more information and registration

June 29 - July 3 - Basic SRO - 0800 hrs. 1700 hrs.

Fee: \$500 members/\$550 non-members

Presented by NASRO

This 40-hour course is designed for any law enforcement officer or school administrator working in an educational environment.

The course emphasized three main areas of instruction:

- Functioning as a police officer in the school setting
- Working as a resource and problem solver
- Developing teaching skills

Attendees will gain a solid working knowledge of the school resource officer concept and how to establish a lasting partnership with their schools. *All registrations made within 10 business days of the course start date will incur a \$25 late registration fee.

For more information & registration, [click HERE](#)

July 6 - 9 - Municipal Police Range Officer Course - 0700 - 1700 hrs.

Fee: \$50

Presented by Abington Twp PD

This course is a range officer class for officers to conduct police firearms qualifications. This is not a shooting class. Topics covered will include range safety, range line control, conducting qualifications, documentation, and target scoring.

Officers will create, plan, and conduct police handgun and shotgun qualification courses. Upon completion, officers will be prepared to conduct firearm qualifications for their departments.

Required Equipment:

- Handgun & 300 rounds of ammo
- Shotgun & 25 rounds of ammo
- Holster & belt
- Range protective equipment
- Weather appropriate clothing

This 40-hour course will be held at Bedminster Range, 283 Rolling Hills Road in Pipersville

To register, email policetraining@buckscounty.org

Click the link provided for more information and registration

August 17 - Off Duty Concealed Carry -

More information coming soon!

To register, email policetraining@buckscounty.org

August 17 - 28 - Traffic Collision Reconstruction - 0800 - 1700 hrs. No Fee - Course #CL-305, Class #5660

Presented by Institute for LE Education

The final level of the three-core traffic collision investigation courses.

Reconstruction contains highly technical subject matter including interpreting evidence from a collision scene, reconstructing collision and using mathematical computations to determine causation factors of a collision. Officers use diagramming tools, measuring instruments and photographs, as well as elements of algebra, geometry and trigonometry in case determination.

The course includes staged collision situations and diagramming projects to provide practice in determining the speed of a vehicle in a collision, the effects of weight shift in braking, the effects of anti-skid braking systems, direction of travel, initial contact points and position of vehicle on the roadway.

Because of the highly technical subject matter, it is mandatory for each applicant to have successfully completed the On-Scene and Advanced Collision Investigation Training Courses or equivalent training from a recognized training institution.

For registration form, click [HERE](#)

August 24 - 25 - Investigative Report Writing Seminar 0830 - 1600 hrs. - Fee: \$295 - see site for discount rate!

Presented by Institute for Benchmark Pro Seminars

Focus on the composition and writing of investigative reports. Provides a review of the specifics that reports should contain.

Topics include:

Identification of the essential elements of an investigative report, to include the Who, What, When, Where, Why, and How of an incident under investigation.

Formatting an investigative report for a clear, coherent statement of facts free from inconsistencies or contradictions.

Applying the appropriate resources available to produce a professional and readable report.

Properly cross-referencing the investigative report to related statements by interested parties and/or evidence.

Self-editing reports before supervisory review.

Supporting documents needed to clarify or amplify individual points or statements presented in the investigative report.

For more information & registration, click [HERE](#)

August 25 - Standard Field Sobriety Testing Refresher 0830 - 1230 hrs. - No Fee

Presented by PA DUI Association

The curriculum for this course is through the National Highway Traffic Safety Administration and the IACP. This course refreshes officers in the three (3) phases of DUI detection, proper administration and interpretation of the Standardized Field Sobriety Tests, covers recent and pertinent case law and provides updates and any changes to the current curriculum for the Basic Standardized Field Sobriety Tests.

This course is recommended by NHTSA to be taken every 2 years for officers who have completed the SFST Basic Practitioner Class and required every 2 years by PennDOT if the officer is a member of an Impaired Driving Task Force.

Click [HERE](#) to register, deadline is 08/10/26.

August 25 - Sobriety Checkpoint Refresher - 1300 - 1700 hrs. No Fee

Presented by PA DUI Association

This course is designed to fulfill NHTSA / IACP and PennDOT requirements that officers having already attended the 8-hour Sobriety Checkpoint Training and working sobriety checkpoints receive periodic refresher training. NHTSA / IACP and PennDOT require checkpoint refresher training every four (4) years for officers who work checkpoints. PennDOT has an additional requirement for PTS coordinators or their designee who instruct checkpoint refreshers classes within their county or task force to attend the refresher training every four (4) years.

The course covers the legality of sobriety checkpoints, relevant case law, any applicable case law updates, operation plans, site selection criteria, briefing, individual assignments, set up, execution, tear down, debriefing and post checkpoint administrative procedures. There is also a statutory review of Title 75 and Title 18 regarding offenses regularly encountered at checkpoints along with instruction in dealing with unusual situations such as sovereign citizens and uncooperative motorists. Officers successfully completing the curriculum receive a certificate and are considered trained in compliance with NHTSA / IACP and PennDOT guidelines.

Click [HERE](#) to register, deadline is 08/10/26.

Click the link provided for more information and registration

August 26 - Sobriety Checkpoints - 0830 - 1630 hrs. - No Fee ***Presented by PA DUI Association***

This course is designed to train law enforcement officers to participate in Sobriety Checkpoints. It is a NHTSA / IACP requirement that all officers participating in a Sobriety Checkpoint receive this training followed by refresher training every two (2) years.

Topics covered include the legality of Sobriety Checkpoints, relevant case law, case law update(s), site selection criteria, operation plans, briefing, set up, individual assignments and responsibilities, execution, handling of evidence, tear down, debriefing and post checkpoint administrative procedures. There is a statutory review of both Title 75 and Title 18 regarding offenses most often encountered at a checkpoint along with instruction in how to deal with unusual or challenging situations such as sovereign citizens or uncooperative motorists.

Lastly, officers participate in setting up, executing and tearing down a mock checkpoint utilizing a task force trailer and equipment. They see first-hand the relative positions and responsibilities of all members of the checkpoint as well as getting hands on experience with the associated equipment.

Officers successfully completing the curriculum receive a certificate and are certified to work Sobriety Checkpoints.

Click [HERE](#) to register, deadline is 08/11/26.

August 27 - Standard Field Sobriety Testing Refresher **0830 - 1630 hrs. - No Fee** ***Presented by PA DUI Association***

This course is intended for newer, less experienced officers who completed Basic Standardized Field Sobriety Testing (SFST-B) course with the "dry" workshops, or experienced officers who previously attended SFST-B but have been away from the patrol function in law enforcement for an extended period.

The curriculum for this course is through the National Highway Safety Administration and IACP. This course refreshes officers in the three (3) phases of DUI detection, proper administration, and interpretation of the Standardized Field Sobriety Tests, covers recent and pertinent case law and provides updates and any changes to the curriculum for the Basic Standardized Field Sobriety Tests.

This course also includes a live alcohol workshop where students administer the three standardized field sobriety tests on impaired subjects who have been dosed with alcohol.

Click [HERE](#) to register, deadline is 08/12/26.

September 1 - 3 - Motorcycle Collision Investigation
0800 - 1700 hrs. - No Fee - Course #CL-307, Class #5661
Presented by Institute for LE Education

This three-day program is designed for the experienced police officer, supervisor or traffic homicide investigator who wants to better understand the handling characteristics, design and speed factors affecting the reconstruction of motorcycle-involved collisions. Participants are involved in outdoor demonstrations and case projects.

The course curriculum includes the following:

- Identifying Motorcycle Components
- Analyzing Physical Evidence
- Identifying Collision Causation
- Human Factor Behavior
- Field Testing – Slide to Stop
- Speed Calculations and Techniques
- Helmets and Safety Equipment
- Damage Analysis

For registration form, click [HERE](#)

September 1 - 3 - Standard Field Sobriety Testing
0830 - 1630 hrs. - No Fee
Presented by PA DUI Association

This course utilizes curriculum developed and approved by NHTSA and the IACP to train law enforcement officers in the detection and apprehension of impaired drivers utilizing the Standardized Field Sobriety Tests. Officers receive training in the three (3) phases of DUI detection – Vehicle in Motion, Driver Contact and Pre-Arrest Screening as well as documentation of their observations and courtroom testimony.

The majority of classroom time involves proper administration and interpretation of the three standardized field sobriety tests – Horizontal Gaze Nystagmus, Walk and Turn and One Leg Stand. Alcohol workshops utilizing impaired volunteer subjects are recommended; however, “dry” workshops utilizing NHTSA developed videos are available.

Students successfully completing the curriculum receive a certificate as SFST practitioners. This course serves as the initial course for impaired driving detection. It is the prerequisite course for the advanced roadside enforcement class and SFST instructor school.

Click [HERE](#) to register, deadline is 08/17/26.

September 9 - 10 - Counseling & Mentoring for Training Officers 0830 - 1600 hrs. - Fee: \$195 - see site for discount rate!

Presented by Institute for Benchmark Pro Seminars

This seminar is designed specifically for officers and supervisors assigned the task of mentoring a new or underachieving employee or trainee. There are several challenges in ensuring that all efforts are undertaken to foster a productive employee for the agency. This program will consider some of the basic principles and applications that might be utilized in mentoring/counseling employees to enhance their assignment roles.

Topics include:

Recognizing employees in need of mentoring before it's too late.

Understanding the role of a mentor, including planning, organizing, directing, implementing, and evaluating activities.

Overview of effective counseling techniques.

Adult learning principles, including the use of auditory, visual, and kinesthetic.

Essential skills that mentors must have, which include strong interpersonal skills, team-building abilities, and communication skills.

An overview of the proper documentation necessary during the mentoring phase.

How to effectively deal with different generations of employees.

September 14 - 16 - Interview & Interrogation - 0800 - 1700 hrs. No Fee - Course #CR-557, Class #5662

Presented by Institute for LE Education

This three-day course of instruction is designed to facilitate both patrol officers and criminal investigators while dealing with deceptive subjects. It provides the student with the tools necessary to conduct suspect interviews, identify the deceptive subject and obtain confessions. We will discuss the phases of the formal interview and expose each participant to the potential utility of different questioning techniques used to obtain more detailed information in compliant subjects. An important goal of this instruction is to raise the confidence level of the officer by using a systematic approach to finding the truth so that they can confront the dishonest subject and ultimately gain the truth.

This course utilizes video from real life interviews so that the student has the opportunity to see the successful employment of the techniques that are taught. Extensive instruction and discussion of video examples that detail what deception looks and sounds like will provide the student with valuable insight into detecting deception.

We will discuss the steps to interrogation which include developing themes and tailoring a monologue, positively confronting the deceptive subject, handling any denials, redirecting their resistance to telling the truth and gaining the guilty person's trust through empathy and rapport building.

September 14 - 16 - Pat McCarthy's Street Crimes - 0830 - 1630 hrs. - Fee: \$495

This three-day course content will include:

- Officer Safety - On & Off Duty
- Surviving Police Ambushes
- Officer Involved Shooting
- Effective Interview Techniques
- Body Language Indicators & Interrogation Tactics
- Gang & Drug Investigations
- Developing Street Sources & CI's
- Courtroom Testimony Survival Tactics
- Homeland Security/Domestic Threats
- And More!!

For registration form, click [HERE](#)

September 17 - Sovereign Citizens & First Amendment Auditors 0830 - 1630 hrs. - Fee: \$179

Presented by Proactive Consulting Inc.

This course will focus on sovereign citizens and their rapidly increasing problematic contact with all forms of government, with a specific focus on interactions with law enforcement and criminal justice personnel. Basic awareness of this growing threat and how it will directly impact the daily duties and responsibilities of law enforcement and other government entities will be discussed at length.

Topics Covered:

- Learn the fundamental principles of the sovereign citizen movement, including ideological beliefs, pillars, doctrines, tactics, and goals
- Identify sovereign indicators through language identification and document recognition
- Paper Terrorism through false liens and lawsuits
- Courtroom behavior/tactics
- Recognize common militia ideology, activity, tactics and symbology
- Boogaloo, III% and Posse Comitatus ideologies
- Potential anti-government views pertaining to gun rights, land rights, and government mandates
- Who are First Amendment Auditors and what do they want?
- Best practices for professional and safe encounters when engaging with Auditors
- Hybrid threat actors with anti-law enforcement beliefs

For registration form, [click HERE](#)

September 18 - Policing Beyond the Academy: Professional Development - 0900 - 1600 - Fee: \$232.60

Presented by Training Force USA

This course bridges the gap between academy training and the realities of fieldwork, focusing on practical application, accountability, and leadership. Participants will engage in interactive modules, scenario-based learning, and expert-led discussions that enhance critical thinking, communication, and ethical decision-making.

Key Areas of Focus:

- Use of Force: Apply sound judgment in force decisions by balancing legal standards, tactical effectiveness, and community trust.
- Pursuit Mastery: Improve safety and success in vehicle pursuits through cognitive decision-making under stress and risk-reduction techniques.
- Accident Management: Strengthen defensive driving habits, reduce preventable collisions, and refine post-incident procedures from documentation to evidence preservation.
- Workplace Harassment Prevention: Foster a respectful and inclusive work environment by identifying, addressing, and preventing inappropriate behavior.
- Body-Worn Camera Protocols: Master the operational, ethical, and procedural standards of modern body cam use.

September 21 - 22 - The Adaptive FTO Professional Development 0800 - 1700 hrs. - Fee: \$359

Presented by The Adaptive Way

The Adaptive FTO is an advanced FTO course that addresses training concerns with incoming probationary police officers. This course does not change your agency's FTO Model. Attendees will work with mental and thinking models to help develop the trainee into adaptive thinkers and assist with proper risk assessment.

Our Adaptive Feedback Model nurtures the probationary officer's creativity and critical thinking skills. Emotional Intelligence techniques help the trainee identify emotional trigger points while enhancing communication and social skills. Attendees will also look at developmental learning tactics for the Gen Z trainee. The Adaptive FTO creates a durable framework for learning with our cognitive coaching philosophy for training the future of your organization.

You will leave this class as a stronger FTO by learning:

- How emotional intelligence creates resilient, compassionate and respectful police officers.
- The Legal and Ethical Decision-Making Model.
- Develop the critical thinking skills in the trainee.
- The generation proof Adaptive Feedback Model.
- A growth mindset, cognitive coaching strategy for developing insight and sensemaking.
- Development learning tactics for the Gen Z trainee.
- Decision making skills addressing de-escalation, implicit bias and procedural justice.

Register by July 21st to receive 10% off with code EARLY. For more information & to register, click [HERE](#)

September 21 - 22 - Moving Up to Supervision Seminar 0830 - 1600 hrs. - Fee: \$295 - see site for discount rate!

Presented by Institute for Benchmark Pro Seminars

For new, first-line supervisors or those who expect such an assignment. The program presents information for work situations and will emphasize ideas to aid supervisors in developing sound judgment, self-reliance, and resourcefulness.

Topics will include:

- The supervisor as a link between management and the workforce.
- Skills required to develop professional relationships with subordinates.
- Encouraging the growth of subordinates through recurrent evaluations and training.
- Discipline and how it reduces stress and builds unit morale.
- Employee problems and how they affect productivity and labor-management relations.
- Systems approach to supervision, which includes targeting objectives and monitoring, measuring, and appraising subordinates' performance.
- Recognizing and dealing with troubled or troublesome employees.

For more information & to register, click [HERE](#)

September 23 - 24 - Advanced Roadside Impaired Driving Enforcement (ARIDE) - 0830 - 1630 hrs. - No Fee

Presented by PA DUI Association

The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) programs.

The class begins with a SFST review to ensure students are proficient and error free in their administration of SFSTs as they are the cornerstone of all impaired driving enforcement. Students must be able to demonstrate proficiency with the administration of SFSTs to continue with the remainder of the training. The remaining instruction introduces the seven (7) established drug categories, signs and symptoms associated with each category, methods of ingestion, paraphernalia, additional roadside tests including the Modified Romberg Balance and Lack of Convergence tests, current drug trends and an overview of the Drug Evaluation and Classification Program (DECP).

It is not designed to replace the DRE program; rather, it is intended to supplement the DECP by enabling officers to recognize impairment resulting from controlled substances and to utilize a DRE.

ARIDE is a prerequisite course for Drug Recognition Expert (DRE). Registration Info Coming Soon!

September 23 - 24 - Supervising the FTO Program

0800 - 1700 hrs. - Fee: \$359

Presented by The Adaptive Way

This course will assist agencies in the management of their FTO program. Attendees will discuss the duties of a field training manager, selection and retention of Field Training Officers, legal/liability concerns, and reviewing the daily observation reports. Students will also view the various reports the program requires and learn how to conduct a forensic post-training review to increase successful new hire decisions.

Attendees look into their organizational future with a discussion on the Gen Z trainee and how to use mentoring along with Bridge In-service Training to develop higher-performing probationary officers. They will also discuss the recommendations on the Field Training process made by the Task Force for 21st Century Policing.

You will leave this class as a stronger FTO Supervisor by learning:

- How to recruit, select, and retain FTOs.
- Have an understanding of the generational match-up process.
- The reports and meetings you should have to enhance your FTO program.
- Keeping the FTO accountable to the trainee and the program.
- Reviewing the Daily Observation Report for accuracy and completeness.
- How the FTO Program influences the culture and ethics of the organization.
- Developing a Bridge and Mentoring Program to enhance trainee development

September 25 - The Adaptive Supervisor - 0800 - 1700 hrs.

Fee: \$239

Presented by The Adaptive Way

This dynamic training course is designed to equip supervisors with the skills needed to effectively manage and lead in today's rapidly changing workplace. The Adaptive Supervisor introduces the 5 pillars of Emotional Intelligence (EQ) and the law enforcement supervisory core competencies encompassed in EQ.

Attendees will work with a legal and ethical decision-making model and how to conduct post incident after-action reviews. Special emphasis is placed on understanding and engaging with Gen Z employees, leveraging their unique strengths, and navigating intergenerational dynamics.

This course will provide techniques to assist the Supervisor not only in their daily activities but also in their overall professional development.

You will leave this class as a stronger Supervisor by learning:

- How emotional intelligence creates resilient, compassionate and respectful police officers.
- The Legal and Ethical Decision-Making Model.
- Enhance the critical thinking abilities of your officers.
- The generation proof Adaptive Feedback Model.
- Decision making skills addressing de-escalation, implicit bias and procedural justice.
- Pre-mortem and After-Action Incident Reviews.
- The Adaptive Leadership Model.

September 28 - Adaptive Decision Making for Law Enforcement

0800 - 1700 hrs. - Fee: \$239

Presented by The Adaptive Way

This course is designed to strengthen decision-making capabilities in today's law enforcement officers, with a focus on the next generation of professionals. Using real-world thought problems, decision-making models, and scenario-based exercises, participants learn to navigate ambiguity, assess risk, and make sound, ethical decisions under pressure. Special attention is given to the role of emotional intelligence in decision-making, helping officers recognize emotional triggers, manage stress, and communicate effectively in high-stakes situations.

The course emphasizes the cognitive habits and flexibility needed by younger officers, who are entering the field with different learning styles, life experiences, and expectations. Participants will leave with practical tools to improve judgment, enhance critical thinking, and build greater confidence in making decisions that align with community expectations and professional standards.

You will leave this class as a stronger by learning:

- How Emotional Intelligence creates resilient, compassionate and respectful police officers.
- The Adaptive Decision-making Model.
- How mental models help or hinder the decision-making process.
- The Cynefin Sensemaking Model.
- How a spectrum strategy assists in managing time.
- Understand the role bias plays in decision-making.

Register by July 28th to receive 10% off with code EARLY. For more information & to register, click [HERE](#)

September 29 - Adaptive Leadership - 0800 - 1700 hrs.

Fee: \$239

Presented by The Adaptive Way

This one day is the ultimate program for thriving in a rapidly changing world. Gain the skills to navigate challenges, drive innovation, and inspire your team. Adaptive Leadership helps you, embrace uncertainty as opportunity. Foster collaboration and lead with empathy and emotional intelligence. Make informed decisions in dynamic environments and motivate your team to achieve exceptional results.

Elevate your leadership and make a lasting impact by learning:

- The Adaptive Leadership Model.
- How Emotional Intelligence creates resilient, compassionate and respectful police officers.
- Why Emotional Intelligence is the key ingredient in De-escalation.
- When officers lose their "WHY" and how to overcome it.
- Your oath is more than a promise and why it matters.
- Using Emotional Intelligence to avoid the sacrifice syndrome.
- How Adaptive Leadership helps you lead across generations.
- Developing a personal EQ/leadership growth plan.

Register by July 29th to receive 10% off with code EARLY. For more information & to register, click [HERE](#)

September 28 - October 2 - CSI & Forensic Investigation plus Photography - 0830 - 1630 hrs. - Fee: \$695

Presented by Sirchie

This 5-day course covers state-of-the-art methods of identifying, recording, processing and preserving various types of evidence found at the scene of the crime. The program is geared for hands-on use of equipment, materials and supplies necessary for a thorough and comprehensive evidence collection mission.

Curriculum will include:

- Crime Scene Management
- Fingerprint Theory & Classification
- Latent Print Processing - Powders & Chemicals
- Crime Scene & Evidence Photography
- Serial Number Restoration
- Firearms, Ballistics, & Gun Shot Residue
- Alternate Lights & RUVIS
- Biological Evidence - Blood, Fluids, & DNA and more!

For more information & registration, [click HERE](#)

September 30 - FTO Updates/Refresher - 0800 - 1700 hrs. Fee: \$239

Presented by The Adaptive Way

This extensive 8-hour training is designed to reinforce and enhance the knowledge, skills, and instructional abilities of active Field Training Officers. The course offers a comprehensive review of core FTO responsibilities, contemporary training strategies, legal and policy updates, and best practices for evaluating and mentoring probationary personnel.

Through a combination of lecture, discussion scenario-based activities, and documentation exercises, participants will refine their ability to coach, observe, and assess trainee performance in a structured and defensible manner. Emphasis is placed on effective communication, leadership in the training environment, ethical decision-making, and maintaining consistency and objectivity within the FTO Program.

October 6 - 7 - Traffic Patrol/Drug Interdiction - 0800 - 1700 hrs.

No Fee - Course #CR-508, Class #5663

Presented by Institute for LE Education

This workshop trains police officers to detect, investigate and arrest those persons who are trafficking illegal drugs and drug money upon the highways. This program is designed for the patrol officer who is assigned traffic and preventative patrol duties. Applicants for this course must be sworn law enforcement officers.

The course curriculum includes the following:

- Overview of Illicit Drug Traffic
- Concept of Criminal Patrol
- Search Techniques
- Criminal Patrol Procedures
- Roadside Interviews and/or Interrogations
- Physical Evidence Detection and Collection
- Note Taking and Report Writing
- Drug Recognition and Packaging
- Officer Safety Issues

For registration form, click [HERE](#)

October 8 - Traffic Stops: A Spectrum of Communication Barriers

0800 - 1700 hrs. - No Fee - Course #PA-628, Class #5664

Presented by Institute for LE Education

This course provides an in-depth examination of communication barriers faced by individuals with autism spectrum disorder, deaf and hard-of-hearing individuals, and those with medical conditions such as diabetes, PTSD, and traumatic brain injuries during traffic stops. Participants will explore the unique challenges these populations encounter in high-stress situations and learn strategies for effective communication that enhance safety and understanding for all parties involved.

Key topics include:

- Overview of Autism Spectrum Disorder and its impact on communication
- Understanding the needs of deaf and hard-of-hearing individuals during police interactions
- Recognizing and accommodating medical conditions that affect communication
- Strategies for effective engagement with individuals experiencing PTSD and traumatic brain injuries
- Techniques for improving empathy, active listening, and de-escalation in sensitive encounters
- Best practices for law enforcement to foster trust and safety within diverse communities

This course is designed for law enforcement officers interested in improving interactions with individuals facing communication challenges. By the end of the course, participants will gain valuable insights and practical skills to navigate these complex scenarios, ultimately promoting a more inclusive, respectful, and productive approach during traffic stops while ensuring the safety of both citizens and officers.

October 8 - Courtroom Karate - 0900 - 1600 - Fee: \$232.60

Presented by Training Force USA

Learn the skills you need to defend yourself and your case in the courtroom and approach your next trial with confidence!

This training will teach you to:

- Learn how to recognize and counter Defense Attorney tricks and tactics.
- Improve your ability to communicate to the jury.
- Develop skills that will improve your memory retention and report writing.
- Increase your understanding of what your prosecutor wants so you can eliminate requests for further and further investigation.

This class was developed by Gerald Ladwig and Michael Carpenter, both experts in criminal law having over 50 years of combined experience ranging from Defense Attorney, Police, Prosecution, Magistrate and Judge. Between the two of them they have served in virtually every role of criminal law.

October 9 - Supervisory Report Review - 0900 - 1700

Fee: \$232.60

Presented by Training Force USA

This course is taught in a participative, hands-on format designed to mirror real-world supervisory responsibilities. Participants are asked to submit a copy of a police report (report details should be redacted as appropriate) they have recently investigated or reviewed prior to the course. These reports are used as learning tools to reinforce best practices, identify common issues, and demonstrate effective supervisory feedback.

Participants will learn how to identify missing elements, inconsistencies, and red flags that may compromise an investigation or weaken a prosecution. The course emphasizes how effective supervisory review improves investigative outcomes, enhances officer performance, and reduces agency exposure to civil liability.

Supervisors play a key role in protecting both their officers and their agency. This course addresses critical legal issues that supervisors must understand, including:

- Brady v. Maryland
- Giglio v. United States
- Disclosure obligations and credibility issues.
- How inadequate report review can lead to suppressed evidence, dismissed cases, or costly litigation.

October 19 - 20 - Police Recruitment Seminar - 0830 - 1600 hrs. Fee: \$295 - see site for discount rate!

Presented by Institute for Benchmark Pro Seminars

A two-day seminar for persons new to or with little experience in overseeing their agency's recruitment process. The program is ideal for those who have taken the previously offered "Pre-Employment Background Investigation" seminar. It goes beyond that program's content to explore in-depth vital aspects and topics concerned explicitly with the recruiting and hiring of suitable candidates for departmental openings.

Topics include:

- The changing workforce in the United States.
- Federal hiring law and EEC guidelines.
- Management strategies for staffing and supervising a recruitment unit.
- Using the internet.
- Sample advertisements and scripts.
- Minority hiring and affirmative action programs.
- Experiences of successful and unsuccessful recruitment campaigns.

December 8 - 9 - Tactical Communications: Realistic De-escalation 0800 - 1700 hrs. - No Fee - Course #PA-625, Class #5671

Presented by Institute for LE Education

This course examines the perceptions that many outside law enforcement have about law enforcement de-escalation and compares that with the realities faced on the street. We take a long look at the tactical considerations involved with the de-escalation process while also examining the training needs required to be more successful in influencing behavior for people in conflict and in crisis. We look at verbal skills, non-verbal behaviors, and effective intervention techniques that are instrumental in defusing conflict situations. This will allow the individual professional to increase their chances of ending the encounter on a positive note, thereby minimizing the danger posed by individuals being fueled by contaminated thinking.

Specific topics covered include:

- Effective methods of communication
- Barriers to communication
- Non-verbal communication
- De-escalation techniques
- Tactical considerations

The course is designed to cover each of the topics mentioned while also delving into other areas such as proxemics and kinesics and how each is involved in defusing escalating situations. In addition, we discuss the threat-assessment process as well as post-event professional articulation.

These tactical communications and de-escalation techniques are being presented to enable departments and individuals to learn skills designed to prevent potential conflicts from spiraling out of control, stressing that a positive outcome is the desired goal of each citizen interaction.

December 14 - 18 - FBI LEEDA Command Leadership Institute

0830 - 1630 hrs. - Fee: \$795

Presented by FBI LEEDA

The Command Leadership Institute (CLI) is part two of the three-step Leadership Series that makes up the FBI-LEEDA Trilogy. The CLI is a dynamic and challenging program uniquely designed to prepare law enforcement leaders for command level positions.

The Command Leadership Institute provides real-life, contemporary, best-practice strategies and techniques for those who are already commanders or are aspiring to a command level assignment. CLI faculty members are passionate instructors who have executive level law enforcement and leadership experience.

CLI students will be engaged in such topics as: credibility, command discipline, liability, problem employees, and leading change within an organization. The Command Leadership Institute is student-centered with a high degree of student involvement.
