IN-SERVICE TRAINING

BUCKS COUNTY ACCREDITATION

What is it?

- Endorsed by the Bucks County Chiefs of Police Association and the Montgomery County Chiefs of Police Association.
- Provides recognition and reward for officers excelling in law enforcement.
- Encourages professionalism through training.

What do I need to become Accredited?

- Officers need 50 Continuing Education Units (CEU's).
- Officers need to document their departmental accomplishments and responsibilities that would lead to the professionalism of the officer.
- Officers must be actively involved in their community through participation in volunteer organizations, youth groups, and other activities that are not specifically law enforcement related.

Application Process: To attain Accreditation through Bucks County, all applicants are required to complete and submit the application to the Bucks County Police Training Center for review. Electronic applications are preferred. This application will include, but may not be limited to, areas of education/training, departmental accomplishments and/or responsibilities, and community service commitments.

August 17 - 28 - Traffic Collision Reconstruction - 0800 - 1700 hrs. No Fee - Course #CL-305, Class #5660

Presented by Institute for LE Education

The final level of the three-core traffic collision investigation courses.

Reconstruction contains highly technical subject matter including interpreting evidence from a collision scene, reconstructing collision and using mathematical computations to determine causation factors of a collision. Officers use diagramming tools, measuring instruments and photographs, as well as elements of algebra, geometry and trigonometry in case determination.

The course includes staged collision situations and diagramming projects to provide practice in determining the speed of a vehicle in a collision, the effects of weight shift in braking, the effects of anti-skid braking systems, direction of travel, initial contact points and position of vehicle on the roadway.

Because of the highly technical subject matter, it is mandatory for each applicant to have successfully completed the On-Scene and Advanced Collision Investigation Training Courses or equivalent training from a recognized training institution.

August 19 - Statement Analysis Interviewing Techniques 0800 - 1700 hrs. - Fee: \$199 - see site for discount rate!

Presented by Statement Analysis LLC

This one-day class will show patrol officers and investigators how to analyze a verbal and written statement to determine if the subject is being truthful or deceptive. Even though people may lie or withhold information, their words will betray them. Deceptive people will often give us information they did not intend to share. The key to detecting deception is to know what to look for in a person's statement.

Supervisory Deputy U.S. Marshal Mark McClish (Ret.) created the Statement Analysis® techniques while serving as an instructor at the U.S. Marshals Training Academy. In this class, he will share his techniques for detecting deception and obtaining additional information from a statement. By using excerpts from today's headlines, Mark gives a presentation that is current and captivating. After attending this class, you will begin to observe things in a verbal and written statement that you never noticed before.

August 25 - Sobriety Checkpoint Refresher - 1300 - 1700 hrs. No Fee

Presented by PA DUI Association

This course is designed to fulfill NHTSA / IACP and PennDOT requirements that officers having already attended the 8-hour Sobriety Checkpoint Training and working sobriety checkpoints receive periodic refresher training. NHTSA / IACP and PennDOT require checkpoint refresher training every four (4) years for officers who work checkpoints. PennDOT has an additional requirement for PTS coordinators or their designee who instruct checkpoint refreshers classes within their county or task force to attend the refresher training every four (4) years.

The course covers the legality of sobriety checkpoints, relevant case law, any applicable case law updates, operation plans, site selection criteria, briefing, individual assignments, set up, execution, tear down, debriefing and post checkpoint administrative procedures. There is also a statutory review of Title 75 and Title 18 regarding offenses regularly encountered at checkpoints along with instruction in dealing with unusual situations such as sovereign citizens and uncooperative motorists. Officers successfully completing the curriculum receive a certificate and are considered trained in compliance with NHTSA / IACP and PennDOT guidelines.

Click [HERE](#) to register, deadline is 08/10/26.

August 26 - Sobriety Checkpoints - 0830 - 1630 hrs. - No Fee *Presented by PA DUI Association*

This course is designed to train law enforcement officers to participate in Sobriety Checkpoints. It is a NHTSA / IACP requirement that all officers participating in a Sobriety Checkpoint receive this training followed by refresher training every two (2) years.

Topics covered include the legality of Sobriety Checkpoints, relevant case law, case law update(s), site selection criteria, operation plans, briefing, set up, individual assignments and responsibilities, execution, handling of evidence, tear down, debriefing and post checkpoint administrative procedures. There is a statutory review of both Title 75 and Title 18 regarding offenses most often encountered at a checkpoint along with instruction in how to deal with unusual or challenging situations such as sovereign citizens or uncooperative motorists.

Lastly, officers participate in setting up, executing and tearing down a mock checkpoint utilizing a task force trailer and equipment. They see first-hand the relative positions and responsibilities of all members of the checkpoint as well as getting hands on experience with the associated equipment.

Officers successfully completing the curriculum receive a certificate and are certified to work Sobriety Checkpoints.

August 27 - Standard Field Sobriety Testing Refresher 0830 - 1630 hrs. - No Fee

Presented by PA DUI Association

This course is intended for newer, less experienced officers who completed Basic Standardized Field Sobriety Testing (SFST-B) course with the “dry” workshops, or experienced officers who previously attended SFST-B but have been away from the patrol function in law enforcement for an extended period.

The curriculum for this course is through the National Highway Safety Administration and IACP. This course refreshes officers in the three (3) phases of DUI detection, proper administration, and interpretation of the Standardized Field Sobriety Tests, covers recent and pertinent case law and provides updates and any changes to the curriculum for the Basic Standardized Field Sobriety Tests.

This course also includes a live alcohol workshop where students administer the three standardized field sobriety tests on impaired subjects who have been dosed with alcohol.

September 1 - 3 - Motorcycle Collision Investigation 0800 - 1700 hrs. - No Fee - Course #CL-307, Class #5661

Presented by Institute for LE Education

This three-day program is designed for the experienced police officer, supervisor or traffic homicide investigator who wants to better understand the handling characteristics, design and speed factors affecting the reconstruction of motorcycle-involved collisions. Participants are involved in outdoor demonstrations and case projects.

The course curriculum includes the following:

- Identifying Motorcycle Components
- Analyzing Physical Evidence
- Identifying Collision Causation
- Human Factor Behavior
- Field Testing – Slide to Stop
- Speed Calculations and Techniques
- Helmets and Safety Equipment
- Damage Analysis

September 1 - 3 - Standard Field Sobriety Testing

0830 - 1630 hrs. - No Fee

Presented by PA DUI Association

This course utilizes curriculum developed and approved by NHTSA and the IACP to train law enforcement officers in the detection and apprehension of impaired drivers utilizing the Standardized Field Sobriety Tests. Officers receive training in the three (3) phases of DUI detection – Vehicle in Motion, Driver Contact and Pre-Arrest Screening as well as documentation of their observations and courtroom testimony.

The majority of classroom time involves proper administration and interpretation of the three standardized field sobriety tests – Horizontal Gaze Nystagmus, Walk and Turn and One Leg Stand. Alcohol workshops utilizing impaired volunteer subjects are recommended; however, “dry” workshops utilizing NHTSA developed videos are available.

Students successfully completing the curriculum receive a certificate as SFST practitioners. This course serves as the initial course for impaired driving detection. It is the prerequisite course for the advanced roadside enforcement class and SFST instructor school.

September 14 - 16 - Interview & Interrogation - 0800 - 1700 hrs.

No Fee - Course #CR-557, Class #5662

Presented by Institute for LE Education

This three-day course of instruction is designed to facilitate both patrol officers and criminal investigators while dealing with deceptive subjects. It provides the student with the tools necessary to conduct suspect interviews, identify the deceptive subject and obtain confessions. We will discuss the phases of the formal interview and expose each participant to the potential utility of different questioning techniques used to obtain more detailed information in compliant subjects. An important goal of this instruction is to raise the confidence level of the officer by using a systematic approach to finding the truth so that they can confront the dishonest subject and ultimately gain the truth.

This course utilizes video from real life interviews so that the student has the opportunity to see the successful employment of the techniques that are taught. Extensive instruction and discussion of video examples that detail what deception looks and sounds like will provide the student with valuable insight into detecting deception.

We will discuss the steps to interrogation which include developing themes and tailoring a monologue, positively confronting the deceptive subject, handling any denials, redirecting their resistance to telling the truth and gaining the guilty person's trust through empathy and rapport building.

September 23 - 24 - Advanced Roadside Impaired Driving Enforcement (ARIDE) - 0830 - 1630 hrs. - No Fee

Presented by PA DUI Association

The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) programs.

The class begins with a SFST review to ensure students are proficient and error free in their administration of SFSTs as they are the cornerstone of all impaired driving enforcement. Students must be able to demonstrate proficiency with the administration of SFSTs to continue with the remainder of the training. The remaining instruction introduces the seven (7) established drug categories, signs and symptoms associated with each category, methods of ingestion, paraphernalia, additional roadside tests including the Modified Romberg Balance and Lack of Convergence tests, current drug trends and an overview of the Drug Evaluation and Classification Program (DECP).

It is not designed to replace the DRE program; rather, it is intended to supplement the DECP by enabling officers to recognize impairment resulting from controlled substances and to utilize a DRE.

ARIDE is a prerequisite course for Drug Recognition Expert (DRE). To register, [click here](#)

October 9 - Supervisory Report Review - 0900 - 1700

Fee: \$232.60

Presented by Training Force USA

This course is taught in a participative, hands-on format designed to mirror real-world supervisory responsibilities. Participants are asked to submit a copy of a police report (report details should be redacted as appropriate) they have recently investigated or reviewed prior to the course. These reports are used as learning tools to reinforce best practices, identify common issues, and demonstrate effective supervisory feedback.

Participants will learn how to identify missing elements, inconsistencies, and red flags that may compromise an investigation or weaken a prosecution. The course emphasizes how effective supervisory review improves investigative outcomes, enhances officer performance, and reduces agency exposure to civil liability.

Supervisors play a key role in protecting both their officers and their agency. This course addresses critical legal issues that supervisors must understand, including:

- Brady v. Maryland
- Giglio v. United States
- Disclosure obligations and credibility issues.
- How inadequate report review can lead to suppressed evidence, dismissed cases, or costly litigation.

**December 3 - 4 - Tactical Communications: Realistic De-escalation
0800 - 1700 hrs. - No Fee - Course #PA-625, Class #5671
*Presented by Institute for LE Education***

This course examines the perceptions that many outside law enforcement have about law enforcement de-escalation and compares that with the realities faced on the street. We take a long look at the tactical considerations involved with the de-escalation process while also examining the training needs required to be more successful in influencing behavior for people in conflict and in crisis. We look at verbal skills, non-verbal behaviors, and effective intervention techniques that are instrumental in defusing conflict situations. This will allow the individual professional to increase their chances of ending the encounter on a positive note, thereby minimizing the danger posed by individuals being fueled by contaminated thinking.

Specific topics covered include:

- Effective methods of communication
- Barriers to communication
- Non-verbal communication
- De-escalation techniques
- Tactical considerations

The course is designed to cover each of the topics mentioned while also delving into other areas such as proxemics and kinesics and how each is involved in defusing escalating situations. In addition, we discuss the threat-assessment process as well as post-event professional articulation.

These tactical communications and de-escalation techniques are being presented to enable departments and individuals to learn skills designed to prevent potential conflicts from spiraling out of control, stressing that a positive outcome is the desired goal of each citizen interaction.
